<b>California Natural Resources Agency</b>									
Ocean Protection Council	The Ocean Protection Council (OPC) is charged with implementing the California Ocean Protection Act (COPA) and funds projects and programs that target the actions identified in the OPC Strategic Plan ( <a href="http://www.opc.ca.gov/strategic-plan/">http://www.opc.ca.gov/strategic-plan/</a> ). OPC priorities are focused around five key areas: science-based decision making, climate change, sustainable fisheries and marine ecosystems, land based impacts to ocean resources, and existing and emerging ocean uses.	Grant/Loan	For Proposition 84: public agencies, eligible nonprofit organizations, universities, JPAs, special districts  For Proposition 1: public agencies, nonprofit organizations, public utilities, federally-recognized tribe, State Indian Tribe listed on the Native American Heritage Commission's California Tribal Consultation List, mutual water companies	Proposition 84: continuous  Proposition 1: second solicitation for Prop 1 anticipated to begin spring/summer 2017	Proposition 84: None  Proposition 1: \$250,000, except for disadvantaged communities who have no minimum threshold	Proposition 84; Proposition 1	\$13.4 million (Prop 84); \$20 million (Prop 1)	\$2-3 million (Prop 84); \$7.5 million (Prop 1)	<a href="http://www.opc.ca.gov">www.opc.ca.gov</a>  Contact: Amy Vierra <a href="mailto:amy.vierra@resources.ca.gov">amy.vierra@resources.ca.gov</a>
Urban Greening	The Urban Greening Grant Program funds projects that reduce greenhouse gas emissions by transforming the built environment into parks and green spaces that are more sustainable, enjoyable, and effective in creating health communities. Eligible projects use natural solutions to sequester carbon, reduce energy consumption, create more walking and biking trails, and improve air and water quality.	Grant	City, county, special district, nonprofit organization, or any agency or entity formed pursuant to the Joint Exercise of Powers Act (Chapter 5 (commencing with Section 6500) of Division 7 of Title 1) if a t least one of the parties to the joint powers agreement qualifies as an eligible applicant, notwithstanding the Joint Exercise of Powers Act. Urban Rivers	Multibenefit watershed and urban rivers enhancement projects in urban watersheds that increase regional and local water self-sufficiency. Projects must meet at least two of the following five statutory objectives: 1. promote groundwater recharge and water use, 2. reduce energy consumption, 3. use soils, plants, and natural processes to treat water, 4. create, or restore native habitat, and 5. increase regional and local resiliency and adaptability to climate change.	Grant	Public agencies, California nonprofit organizations, public utilities, federally recognized Indian tribes, state Indian tribes listed on the Native American Heritage Commission's California Tribal Consultation list and mutual water companies. All nonprofits must be a 501(c)(3) as verified by the Internal Revenue Service.	First round closed; Second round begins Summer 2017	None	Proposition 1	Approximately \$9.4 million	\$9.4 million	urbanrivers@resources.ca.gov  Contact: Cristelle Erickson cristelle.erickson@resources.ca.gov
Museum Grant Program	Funding to support small capital projects in museums, including the acquisition of real property, or construction projects at museum facilities or venues.	Grant	Museums located in the State of California if they are either 1) a public agency (federal, State, city, county, district, association of governments, joint powers, or federally recognized Indian tribe); or 2) nonprofit organization that has among its principal charitable purposes, the preservation of historic or cultural resources for cultural, scientific, historic, educational, recreational, agricultural, or scenic opportunities	Summer 2017	Minimum: \$50,000 Maximum: \$250,000	Proposition 40	Approximately \$1.5 million	None	mgpcoordinator@resources.ca.gov  Contact: Craig Zeff craig.zeff@resources.ca.gov
<b>California Department of Conservation</b>									
High Speed Rail - Agricultural Land Mitigation Program (ALMP)	The High Speed Rail - Agricultural Land Mitigation Program (ALMP) funds the purchase of agricultural land conservation easements to partially mitigate for farmland conversion arising from construction of the high speed rail system in California. The Department of Conservation (DOC) implements the program on behalf of the High Speed Rail Authority. Permanent agricultural conservation easements will be purchased on land of similar acreage, location, and quality to that impacted by the project's alignment and maintenance facilities. DOC will work with local entities and willing sellers to secure these easements to meet the agricultural mitigation requirements established in the environmental review documents for the high speed rail system.	Grant	Local governments and private nonprofit (501(c)3) organizations which have among their defined purposes the conservation of agricultural lands. Applications are limited to counties where the alignment of the project has been approved--currently the San Joaquin Valley counties between Madera and Kern. Sustainable Agriculture Land Conservation Program (Sustainable Agricultural Land Strategy and Outcome Grants)	The Sustainable Agricultural Lands Conservation Program (SALC) supports the State's greenhouse gas (GHG) emission goals by making strategic investments to protect agricultural lands. Sustainable Agricultural Land Strategy Plans — Short term grants to counties, cities, and partners, to inventory and evaluate which agricultural lands are most highly productive and critically threatened and develop locally appropriate strategies, programs and actions that ensure the long term protection of those lands.	Grant	Counties and/or cities as the lead applicant(s) in collaboration with other partners.	Annually. Next cycle anticipated to begin Spring 2017	Up to 250,000 each	Greenhouse Gas Reduction Fund	Funding varies each year depending on GGRF auction proceeds	Anticipate awarding approximately \$1 million in 2017	California Department of Conservation DIVISION OF LAND RESOURCE PROTECTION (916) 324-0850 <a href="http://www.conservation.ca.gov/dlrp/SALCP/Pages/Index.aspx">http://www.conservation.ca.gov/dlrp/SALCP/Pages/Index.aspx</a>  STRATEGIC GROWTH COUNCIL (916) 322-2318 <a href="http://www.sgc.ca.gov/s_salcprogram.php">http://www.sgc.ca.gov/s_salcprogram.php</a>
Sustainable Agriculture Land Conservation Program (Agricultural Conservation Easements)	The Sustainable Agricultural Lands Conservation Program (SALC) supports the State's greenhouse gas (GHG) emission goals by making strategic investments to protect agricultural lands. Agricultural Conservation Easements—Provide funding to leverage the protection of strategically located, highly productive, and critically threatened agricultural land, via the purchase of permanent agricultural conservation easements.	Grant	Local governments and private nonprofit (501(c)3) organizations which have among their defined purposes the conservation of agricultural lands.	Annually. <b>California Energy Commission</b>									
Geothermal Resources Development Account (GRDA)	The funds from this account come from revenues paid by geothermal developers for leases on federal land in California. Practically all aspects of geothermal research, resource development, demonstration, commercialization, planning, environmental enhancement and impact mitigation are eligible for funding.	Grant	Private entities, including individuals and private for-profit organizations; local jurisdictions including cities, counties, school districts and special districts, regional planning agencies, and public utility districts; EXCEPTION: any public utility that generates more than 50MW of electricity for sale is not eligible to apply.	Solicitations are generally offered every 2 to 3 years. The next solicitation is planned for Fall 2016. The most recent solicitation was held in May 2014, with a Notice of Proposed Awards issued in August 2014.	There is no maximum or minimum award level established. Awards vary according to the application requests and the amount of funds available during a specific solicitation.	Public Resources Code section 3800 et seq. created the Geothermal Resources Development Account (GRDA) .	\$4.7 million	\$0	<a href="http://www.energy.ca.gov/contracts/geothermal.html">www.energy.ca.gov/contracts/geothermal.html</a>  Contact: Cheryl Closson <a href="mailto:Cheryl.Closson@energy.ca.gov">Cheryl.Closson@energy.ca.gov</a> 916-651-0315
Electric Program Investment Charge (EPIC)	The Energy Commission is one of four administrators of energy innovation funded by the Electric Program Investment Charge. The other administrators are the state's three largest investor-owned utilities: Pacific Gas and Electric Company, San Diego Gas & Electric Company, and Southern California Edison Company. The Electric Program Investment Charge was created to fund public interest investments in clean energy technologies and approaches for the benefit of electricity ratepayers of California's three largest electric investor-owned utilities.	Grant	Private and public entities, educational facilities, research organizations, national laboratories.	A solicitation schedule has been posted on the Energy Commission Research page, and solicitations are continuously released throughout the year.	Funding will vary, but project funding levels are expected to range between \$250,000 and \$5 million.	The California Public Utilities Commission established the purposes and governance for the Electric Program Investment Charge in Decision 12-05-037 for Rulemaking 11-10-003 on May 24, 2012. Low Carbon Fuel Research and Development Program	The Low Carbon Fuel R&D Program will pursue advancements in drop-in low-carbon fuel production derived from California's biobased feedstocks. The focus will be on renewable biofuels that can be produced to be fully compatible with existing infrastructure and vehicle technology. Using existing petroleum distribution systems further minimizes the overall cost of adoption.	Grant	Public entities, educational facilities, private entities, research organizations, national laboratories.	On-going (federal cost share solicitation remains open with the ability to add relevant federal funding opportunities)  Applications for the traditional grant funding opportunity will be accepted in early 2017. Public Interest Energy Research (PIER) - Natural Gas Funding	The funds are collected from natural gas ratepayers of California Investor Owned Utilities. These funds are administered by the California Energy Commission to provide public interest natural gas research programs. The Energy Commission's PIER program supports energy related research, development and demonstration for research not adequately provided by competitive and regulated markets and that will advance science and technology and will help meet California's energy policy goals.	Grant	Private and public entities, educational facilities, research organizations, national laboratories.	A solicitation schedule has been posted on the Energy Commission Research page, and solicitations are continuously released throughout the year.	Varies depending on solicitation. Recent solicitations have accepted awards up to \$2 million.	SB 1250 (Perata) Chapter 512, Statutes of 2006. <b>California Department of Fire and Forestry Protection</b>									
State Responsibility Area Fire Prevention Fund (SRAFPF) Fire Prevention Grant Program	The purpose of all SRAFPF Fire Prevention Grant Program projects is to undertake fire prevention activities aimed at reducing the risk of the effects of wildfire on habitable structures in SRAs. Projects funded by the Fire Prevention Fund will reduce the risk of fire ignition, reduce the potential for fire related damage to communities in the SRA and the natural resources of the State, and educate owners of habitable structures in the SRA about wildland fire hazards	Grant	Local government, fire districts, community services districts, water districts, and special districts with SRA with their jurisdiction, certified local conservation corps, fire safe councils, or other 501c3 nonprofit organizations	Fall 2016	Max \$200,000	State Responsibility Area Fire Prevention Fund	\$10 million	\$10 million	<a href="http://calfire.ca.gov/fire_prevention/fire_prevention_fund_grants.php">http://calfire.ca.gov/fire_prevention/fire_prevention_fund_grants.php</a> Contact: Joel Vela joel.vela@fire.ca.gov
General Fund Tree Mortality Grant Program	A one-time \$6 million General Fund grant program in FY 2016/17 to mitigate the public health and safety threats posed by massive tree mortality in the central and southern Sierra Nevada by providing support for local efforts to remove hazardous trees that pose a threat to public health and safety.	Grant	Local government, fire districts, community services districts, water districts, and special districts with SRA with their jurisdiction, certified local conservation corps, fire safe councils, or other 501c3 nonprofit organizations	Fall 2016	Max \$200,000	General Fund	\$6 million	\$6 million	<a href="http://calfire.ca.gov/fire_prevention/fire_prevention_fund_grants.php">http://calfire.ca.gov/fire_prevention/fire_prevention_fund_grants.php</a> Contact: Joel Vela joel.vela@fire.ca.gov
California Forest Improvement Program (CFIP)	The California Forest Improvement Program (CFIP) is a forestry incentive program (cost share) that provides funds to forest landowners for management plans, RPF supervision, site preparation, tree planting, thinning, pruning, follow-up, release, land conservation, and improvement of fish and wildlife habitat. CFIP's purpose is to encourage private and public investments in forestlands and resources within the state to ensure adequate future high quality timber supplies, related employment and other economic benefits, and to protect, maintain, and enhance the forest resource for the benefit of present and future generations.	Grant (cost share) with landowners responsible for as little as 10% of project cap rate costs	Landowners with more than 20 acres but less than 5000 acres of forestland	Ongoing	Minimum acres 5, maximum \$50,000 to \$100,000 for reforestation projects	Timber Regulation and Forest Restoration Fund (TRFRF) and High Speed Rail Authority (HSR)	\$1.652 million (TRFRF) \$2.4 million (HSR)	\$1 million (TRFRF) \$500,000 (HSR)	<a href="http://calfire.ca.gov/resource_mgt/resource_mgt_forestryassistance_cfip.php">http://calfire.ca.gov/resource_mgt/resource_mgt_forestryassistance_cfip.php</a> Contact: Stewart McMorrow Stewart.McMorrow@fire.ca.gov
Forest Legacy Program (FLP)	The purpose of the Forest Legacy Program (FLP) is to protect environmentally important forestland threatened with conversion to non-forest uses, such as subdivisions for residential or commercial development. To help maintain the integrity and traditional uses of private forestlands the FLP promotes the use of permanent conservation easements. The program is entirely voluntary. Landowners who wish to participate may sell or transfer particular rights, such as the right to develop the property or to allow public access, while retaining ownership of the property and the right to use it in any way consistent with the terms of the easement. The agency or organization holding the easement is responsible for managing the rights it acquires and for monitoring compliance by the landowner. Forest management activities, including timber harvesting, hunting, fishing, and hiking are encouraged provided they are consistent with the program's purpose.	Grant	Scope: Forestlands Applicants: Landowners	Continuous but must be in before July 30 for the next available federal funding cycle	TBD	Federal Forest Legacy Program	Federal is renewed each year as funding varies via federal budget process. Land Acquisition Program	Statewide - This program acquires real property or rights in real property on behalf of the Department of Fish and Wildlife (CDFW) and also awards grants to other governmental entities or nonprofit organizations to acquire real property or rights in real property. All acquisitions are made on a "willing seller" basis pursuant to the appraised fair market value. The acquisition activities are carried out in conjunction with CDFW, which generally entails CDFW evaluating the biological values of the property through development of a Land Acquisition Evaluation (LAE, used for a single piece of property) or a Conceptual Area Protection Plan (CAPP, used for multiple properties). Once these evaluations are completed, they are submitted to CDFW's Regional Operations Committee for review and approval. If approved, they are sent to WCB with a recommendation to fund. Concurrently, the WCB meets with CDFW to evaluate and set acquisition priorities as new opportunities arise.
